

Q&A Session Feed for MTUG Webinar #2: Security Awareness

Session number: 662387857 – Date: Wednesday, November 18, 2015

Thomas Farrington - 11:40 AM

Q: Password managers should be used. It encourages better behaviors. LastPass is excellent.

-Kate Carpenter - 11:46 AM

A: Good feedback.

Thomas Farrington - 11:41 AM

Q: You can also disable user access to all passwords on termination.

-Kate Carpenter - 11:46 AM

A: Thanks, Tom!

Brenda Peluso - 11:22 AM

Q: How Concerned should Mac Networks be about malware and phishing?

-Kate Carpenter - 11:26 AM

A: We will answer that in audio

Brenda Peluso - 11:34 AM

Q: How do you guys feel about password managers such as LastPass?

-Kate Carpenter - 11:36 AM

A: We will answer that in audio

Chris Libby - 11:40 AM

Q: I prefer KeePass myself - it's open source and easy to use, with clients for Windows, Android, and iOS.

-Kate Carpenter - 11:44 AM

A: I will repeat that in audio.
